Lawn & Garden Range 2025 Built to last and last and last and

The Honda advantage

Honda is recognised worldwide for quality, performance, reliability and durability, with a product range designed for both domestic and commercial purposes.

Every Honda Power Equipment product is backed by extensive research and the latest technologies to give you the power and confidence you need to tackle any project, from everyday jobs to the weekend's biggest challenge.

Advanced 4-Stroke Technology

Honda has been perfecting 4-stroke engines for more than 50 years. Designed for efficiency and built to last, they continue to deliver reliable performance, season after season.

Nationwide Honda Support

Honda's nationwide dealer network makes expert support easy to find. Our trained team can help you choose the right equipment, provide professional servicing to keep your Honda running smoothly, and supply genuine parts for maintenance and repairs. Because when your Honda is built to last and last, you need support for just as long.

World-Class Research and Development

Global state-of-the-art R&D facilities are dedicated to research, design and the development of cutting-edge products. By combining decades of experience with relentless innovation, Honda continues to push technology forward, creating products shaped for the future.

Legendary Motor Racing Pedigree

From Formula 1® to everyday gardens, Honda's racing heritage shapes the technology you use today. Innovations such as the VTEC™ system – created to deliver power and efficiency across the rev range – began on the track and live on in Honda's engineering. Proof that performance built for racing can last far beyond the finish line.

Quality You Can Count On

Every Honda power product is built with high-quality components and backed by decades of engineering excellence. From engines that start first time to designs that go the distance, we test and refine every detail so you can trust them to perform.

Built by Honda. Backed by Honda.

If something ever needs replacing, Honda Genuine Parts restore the performance, reliability and peace of mind your Honda was designed to deliver.

Mowers that last and last

Every lawn is different, but Honda quality never changes. Whether you prefer the convenience of battery power or the reliability of a 4-stroke engine, every Honda mower delivers the quality and performance you expect.

4-Stroke Power
Built for dependable performance, quiet operation and first-time starts. No fuel mixing required.

Push: HRU19 / HRU196
Self-propelled: HRU216 / HRN536 / HRX217

Battery Power
Choose 36V to power smaller jobs, or 58V for performance comparable to petrol mowers.

36V: HRG416 / HRG466
58V: HRN216 / HRX217 / HRC216

HRU19 Buffalo

Designed to mow and mow

3-in-1 System with Clip Director®

Switch between mulching, bagging or discharge with a single lever – no mulch plug or extra attachments required.
HRN models only.

4-in-1 Versamow™ System with Clip Director®

Mulch, bag, discharge or shred leaves with the option to combine mulching and bagging. No tools or extra parts needed.
HRX models only.

MicroCut® Twin Blade System

Four cutting surfaces create ultra-fine clippings, superior mulching and up to 30% more per bag.
HRN, HRX, HRC models only.

NeXite® Deck

Extremely tough polymer material is rust-proof, corrosion-resistant and highly durable.
HRX models only.

Steel Deck

Rugged steel deck delivers strength and durability for lasting performance.
HRG, HRN & HRC models

Alloy Deck

Alloy deck delivers long-lasting performance in harsh Australian conditions.
HRU models only.

Smart Drive Speed Control

Adjust the mower's speed to match your pace with simple thumb control. Choose between five positions with variable speed from 0–6.5 km/h.

HRN536 and HRN216 models only.

Hydrostatic Transmission With Speed Control

Precise, fully adjustable speed control from 0–6.4km/h for smooth mowing in any conditions.
HRX and HRC models only.

HONDA MOW-SAFE® TECHNOLOGY

Mow-Safe® Technology

Stops blades within 3 seconds of handle release. Engine brake stops the blades and engine when stepping away or emptying the catcher. Blade brake stops blades only, so you can quickly return to mowing.

Easy Fold Handle

Handle adjusts to multiple mowing positions for comfort, and folds over for easy storage.
All models except HRC.

Warranty

All Honda mowers are backed by a 5 year warranty* for peace of mind with every pass.

5 YEAR* WARRANTY

The right fit every lawn

Cutter Deck 41cm (16")

Suitable for lawns smaller than 600m²

Compact, efficient and easy to manoeuvre around tight spaces. All the basics covered.

Cutter Deck 46–47cm (18"– 19")

Suitable for lawns between 600m²–1,200m²

The sweet spot for medium-sized lawns. Wide enough for good coverage, compact enough for precise results.

Cutter Deck 53cm (21")

Suitable for lawns over 1,200m² and commercial use

Powerful, durable and built to handle demanding lawns with ease.
Built with professional in mind and engineered to deliver reliable performance day after day.

*5 year warranty applies to domestic use and excludes products used for a commercial purpose. Commercial use warranty varies by product. Warranty excludes engines sold as separate units. T&Cs at powerequipment.honda.com.au/owners/warranty

HRU Buffalo Range

HRU19

Buffalo Premium Push Mower with Engine Brake 4-Stroke

HRU19M2PKUH

- IDEAL FOR MEDIUM-SIZED LAWNS
- 19" ALLOY DECK
- 54L POLYMER CATCHER
- GCV170 4-STROKE ENGINE
- MOW-SAFE® WITH ENGINE BRAKE
- MULCHING FUNCTION

- Auto choke enables quick, reliable starts with less effort
- Single lever adjusts height of all 4 wheels for quick, easy changes
- Rear safety shield helps protect user from debris
- Mow-Safe® with engine brake technology stops blades and engine within 3 seconds of handle release when stepping away, emptying the catcher or clearing obstacles
- 54L grass catcher with full open discharge for less stopping and more mowing
- Assembled in Australia, built to handle demanding environments and conditions

HRU196

Buffalo Pro Push Mower with Engine Brake 4-Stroke

HRU196M2PWUH

- IDEAL FOR MEDIUM-LARGE LAWNS
- CONTRACTOR QUALITY
- 19" ALLOY DECK
- 54L POLYMER CATCHER
- GXV160 4-STROKE ENGINE
- MOW-SAFE® WITH ENGINE BRAKE
- MULCHING FUNCTION

- Cast-iron engine bore for lasting performance and extended life
- Single lever adjusts height of all 4 wheels for quick, easy changes
- Rear safety shield helps protect user from debris
- Mow-Safe® with engine brake technology stops blades and engine within 3 seconds of handle release when stepping away, emptying the catcher or clearing obstacles
- 54L grass catcher with full open discharge for less stopping and more mowing
- Assembled in Australia, built to handle demanding environments and conditions

HRU196

Buffalo Pro Push Mower with Blade Brake 4-Stroke

HRU196M2PBUH

- IDEAL FOR MEDIUM-LARGE LAWNS
- CONTRACTOR QUALITY
- 19" ALLOY DECK
- 54L POLYMER CATCHER
- GXV160 4-STROKE ENGINE
- MOW-SAFE® WITH BLADE BRAKE
- MULCHING FUNCTION

- Cast-iron engine bore for lasting performance and extended life
- Single lever adjusts height of all 4 wheels for quick, easy changes
- Rear safety shield helps protect user from debris
- Mow-Safe® with blade brake technology stops blades within 3 seconds of handle release while the engine keeps running, so you can quickly return to mowing
- 54L grass catcher with full open discharge for less stopping and more mowing
- Assembled in Australia, built to handle demanding environments and conditions

HRU216

Buffalo Pro Self-Propelled Mower with Blade Brake 4-Stroke

HRU216M3TBUH

- IDEAL FOR LARGE-SIZED LAWNS
- CONTRACTOR QUALITY
- 21" ALLOY DECK
- 70L GRASS CATCHER
- 3-SPEED MECHANICAL GEARBOX
- MOW-SAFE® WITH BLADE BRAKE
- MULCHING FUNCTION

- Cast-iron engine bore for lasting performance and extended life
- Single lever adjusts height of all 4 wheels for quick, easy changes
- Rear discharge guard helps protect user from debris and safely directs clippings
- Mow-Safe® with blade brake stops blades within 3 seconds of handle release without needing to restart the engine after stepping away, emptying the catcher or clearing obstacles
- Large 70L polymer grass catcher bag to reduce time spent mowing by catching more clippings
- Assembled in Australia, built to handle demanding environments and conditions

*5 year warranty applies to domestic use and excludes products used for a commercial purpose, where 5 year warranty applies for the motor and a 2 year warranty applies on the frame. Warranty excludes engines sold as separate units. T&Cs at powerequipment.honda.com.au/owners/warranty

5 YEAR WARRANTY

HRN536

Self-Propelled Mower with Blade Brake 4-Stroke

HRN536C2VYUH

- IDEAL FOR MEDIUM-LARGE LAWNS
- 21" DURABLE STEEL DECK
- 66L GRASS CATCHER
- GCV170 4-STROKE ENGINE
- MULCHING FUNCTION
- SMART DRIVE™ VARIABLE SPEED
- MOW-SAFE® WITH BLADE BRAKE

- Auto choke enables quick, reliable starts with less effort
- MicroCut® twin blades deliver premium cutting and mulching performance
- 3-in-1 system with Clip Director® offers flexible mowing options: mulch, bag or discharge
- Mow-Safe® with blade brake technology stops blades within 3 seconds of handle release while the engine keeps running, so you can quickly return to mowing
- Smart Drive™ variable speed for self-propelled mowing to your pace
- 2-position adjustable handle improves operator comfort and control

5 YEAR WARRANTY

HRX217

Self-Propelled Mower with Blade Brake 4-Stroke

HRX217C6HYUA

- IDEAL FOR MEDIUM-LARGE LAWNS
- 21" NEXITE® RUST & CORROSION RESISTANT DECK
- 88L GRASS CATCHER
- GCV200 4-STROKE ENGINE
- VERSAMOW™ 4-IN-1 SYSTEM
- HYDROSTATIC TRANSMISSION WITH SPEED CONTROL
- MOW-SAFE® WITH BLADE BRAKE

- Auto choke enables quick, reliable starts with less effort
- MicroCut® twin blades deliver premium cutting and mulching performance
- VersaMow™ 4-in-1 System with Clip Director® offers flexible mowing options: mulch, bag or discharge
- Mow-Safe® with blade brake technology stops blades within 3 seconds of handle release while the engine keeps running, so you can quickly return to mowing
- Hydrostatic transmission with speed control for smooth self-propelled mowing and easy pace control
- 3-position adjustable handle improves operator comfort and control

5 YEAR WARRANTY

HRX217

Electric-Start Mower with Blade Brake 4-Stroke

HRX217K6HZUA

- IDEAL FOR MEDIUM-LARGE LAWNS
- 21" NEXITE® RUST & CORROSION RESISTANT DECK
- 88L GRASS CATCHER
- GCV200 4-STROKE ENGINE
- VERSAMOW™ 4-IN-1 SYSTEM
- HYDROSTATIC TRANSMISSION WITH SPEED CONTROL

- Electric start with key for fast and reliable ignition
- MicroCut® twin blades deliver premium cutting and mulching performance
- VersaMow™ 4-in-1 System with Clip Director® offers flexible mowing options: mulch, bag or discharge
- Mow-Safe® with blade brake technology stops blades within 3 seconds of handle release while the engine keeps running, so you can quickly return to mowing
- Hydrostatic transmission with speed control for smooth self-propelled mowing and easy pace control
- 3-position adjustable handle improves operator comfort and control

HRG IZY-ON™ 36V Battery Range

5 YEAR WARRANTY

HRG416

36V Battery-Powered Push Mower (Skin Only)

HRG416XBPEUA

- IDEAL FOR SMALL-SIZED LAWNS
- 36V BATTERY-POWERED 1.0KW BRUSHLESS MOTOR
- 16" PRESSED-STEEL POWDER-COATED DECK
- FULLY WEATHERPROOF
- LOW NOISE LEVEL 89DBA
- 42L GRASS CATCHER

- 1.0kW brushless motor maximises power, runtime and efficiency
- Easy-start push button powers up instantly for hassle-free mowing
- Six cutting height positions deliver a tailored lawn finish
- Compatible with 4Ah and 6Ah, 36V Honda battery range (sold separately)

5 YEAR WARRANTY

HRG466

36V Battery-Powered Self-Propelled Mower (Skin Only)

HRG466XBSEUA

- IDEAL FOR SMALL-MEDIUM LAWNS
- 36V BATTERY-POWERED 1.8KW BRUSHLESS MOTOR
- 50L GRASS CATCHER
- 18" PRESSED-STEEL POWDER-COATED DECK
- FULLY WEATHERPROOF
- LOW NOISE LEVEL 92DBA
- VERSAMOW™ SELECTIVE MULCHING FUNCTION

- 1.8kW brushless motor maximises power, runtime and efficiency
- Easy-start push button powers up instantly for hassle-free mowing
- Six cutting height positions deliver a tailored lawn finish
- Compatible with 4Ah and 6Ah, 36V Honda battery range (sold separately)
- Clip Director® selective mulching function offers flexible mowing options: mulch or bag

58V Battery-Powered Range

HRN216-BV

58V Battery-Powered Self-Propelled Mower with Smart Drive™ (Kit)

HRN216YXBVKU4

- **IDEAL FOR MEDIUM-LARGE LAWNS**
- **58V BATTERY-POWERED 1.5KW BRUSHLESS MOTOR**
- **70.5L GRASS CATCHER**
- **21″ DURABLE STEEL DECK**
- **SMART DRIVE™ VARIABLE SPEED**
- **3-IN-1 SYSTEM**

- 58V MAX system powers a 1.5kW brushless motor to deliver performance you expect from a Honda
- 2-lever quick release height adjustment for fast, simple cutting height selection
- MicroCut® twin blades deliver premium performance in cutting and mulching by creating ultra fine clippings
- 3-in-1 system with Clip Director® offers flexible mowing options: mulch, bag or discharge
- Smart Drive™ offers intuitive speed control from 0 to 6.1km/h while mowing
- Includes 8Ah battery and 2A charger offering up to 30 minutes runtime

HRN216-BV

58V Battery-Powered Self-Propelled Mower with Smart Drive™ (Kit)

HRN216YXBVKU4

- **IDEAL FOR MEDIUM-LARGE LAWNS**
- **58V BATTERY-POWERED 1.5KW BRUSHLESS MOTOR**
- **70.5L GRASS CATCHER**
- **21″ DURABLE STEEL DECK**
- **HONDA E-SELECT DRIVE™**
- **3-IN-1 SYSTEM**

- 58V MAX system powers a 1.5kW brushless motor to deliver performance you expect from a Honda
- 2-lever quick release height adjustment for fast, simple cutting height selection
- MicroCut® twin blades deliver premium performance in cutting and mulching by creating ultra fine clippings
- 3-in-1 system with Clip Director® offers flexible mowing options: mulch, bag or discharge
- Honda e-Select Drive® delivers precise, responsive speed control from 0–6.44 km/h and allows movement without engaging the blades for easy transport
- Includes 8Ah battery and 2A charger offering up to 30 minutes runtime

HRX217-BE

58V Battery-Powered Self-Propelled Mower with Honda e-Select Drive™ (Kit)

HRX217YXBEXU4

- **IDEAL FOR MEDIUM-LARGE LAWNS**
- **58V BATTERY-POWERED 1.5KW BRUSHLESS MOTOR**
- **77L GRASS CATCHER**
- **21″ NEXITE® RUST & CORROSION RESISTANT DECK**
- **HONDA E-SELECT DRIVE™**
- **TWO BATTERY BAYS**
- **VERSAMOW™ 4-IN-1 SYSTEM**

- 58V MAX system powers a 1.5kW brushless motor to deliver performance you expect from a Honda
- 2-lever quick release height adjustment for fast, simple cutting height selection
- MicroCut® twin blades deliver premium performance in cutting and mulching by creating ultra fine clippings
- VersaMow™ 4-in-1 System with Clip Director® offers flexible mowing options: mulch, bag or discharge
- Honda e-Select Drive® delivers precise, responsive speed control from 0–6.44 km/h and allows movement without engaging the blades for easy transport
- Two battery bays provide extended runtime with a second 58V battery
- Includes 8Ah battery and 2A charger offering up to 30 minutes runtime

HRC216-BE

58V Battery-Powered Self-Propelled Mower with Electric Cruise Control (Kit)

HRC216YXBEYU6

- **IDEAL FOR MEDIUM-LARGE LAWNS**
- **58V BATTERY-POWERED 2.0KW BRUSHLESS MOTOR**
- **74L GRASS CATCHER**
- **21″ DURABLE STEEL DECK**
- **ELECTRIC CRUISE CONTROL**
- **TWO BATTERY BAYS**

- 58V MAX system powers a 2.0kW brushless motor to deliver performance expected from a Honda contractor grade lawnmower
- 4-lever quick release height adjustment for fast, simple cutting height selection
- MicroCut® twin blades deliver premium performance in cutting and mulching by creating ultra fine clippings
- Offers flexible mowing with catch or mulch (via mulch plug)
- Commercial grade electric cruise control delivers precise, responsive speed control from 0–6.44 km/h and allows movement without engaging the blades for easy transport
- 9″ wheels provide excellent traction on uneven ground
- Two battery bays provide extended runtime with a second 58V battery
- Includes one 12Ah battery and 8A charger which offers up to 45 minutes runtime

58V Battery System

Compatible Mowers:

- **HRN216-BV**
- **HRN216-BE**

Cut. Trim. Clear. Repeat.

Honda's handheld range brings precision and durability to every corner of your garden. Choose between the convenience of 36V battery power or the reliability of Honda's legendary 4-stroke engines.

Brushcutters

Make light work of tough grass, weeds and overgrown areas. Honda brushcutters are built for balance, control and lasting performance.

Hedge Trimmers

Shape with confidence, maintain with ease. Get clean, even results every time – from quick touch-ups to the perfect finish.

Blowers

Clippings, leaves and debris never stood a chance. Clear paths, driveways and gardens without slowing down.

Chainsaw

The durability, quality and reliability that Honda is known for, all in one powerful, battery-powered chainsaw.

Brushcutters

5 YEAR WARRANTY

Portable power you can count on

When the lights, tools or appliances need to keep running, you can count on Honda generators. They're built to last and last and last, producing uninterrupted power whenever and wherever you need it. Every generator is equipped with Honda's legendary GX 4-stroke engine for easy starts, quiet operation and impressive fuel efficiency.

Identify What You Need to Power

Think about everything you want to run together. From lights and fridges to power tools and air conditioning – knowing exactly what you need powered helps you choose the right generator size. Check the wattage rating on each appliance and allow for the extra start-up power that many appliances require.

Factor in Start-Up Power

Start-up power is easy to overlook. Appliances with electric motors like air conditioners, fridges and pumps can draw up to three times their running load for a few seconds. If your generator isn't sized to handle that surge, it may not start your appliances reliably.

Choose Your Generator Size

Think about how you really use power. You don't need every appliance running at once – that power-hungry kettle only boils for minutes, not hours. Focus on what needs continuous power and work around short bursts of heavy load. With 1500W running and 1900W start-up, Honda's EU22i is the perfect fit. If you are unsure which generator is right for you, consult your authorised Honda Dealer.

Generators

4 YEAR WARRANTY

EU10i
Leisure and Commercial Generator 4-Stroke

EU10iT1U4

- **1000W MAX OUTPUT**
- **7hrs RUNTIME[D1]**
