“Looking after your vehicle and your investment ”

FABRIC & CARPET PROTECTION

Clean / vacuum the fabric / carpet of your vehicle regularly (recommended schedule is 2-3 weeks) to maintain the protected surfaces.

If a spill occurs try to remove the spillage as soon as you can. If you do get a spill from water, coffee, tea, soft drinks or any similar liquids, use a clean non-coloured dry towel or absorbent paper. Vacuum if necessary. Apply a mild cleaning solution multipurpose cleaner or Interior Stain remover.

Applying a 'dabbing' motion is always the best way to remove stains.

The Permagard lifetime warranty applies only to Permagard treatments applied by an authorised Permagard dealer.

If the fabric/carpet surface is repaired or replaced, the Permagard treatments must be reapplied to those areas. Please call 1800PERMAGARD to discuss any reapplication queries or to arrange reapplication.

VINYL & LEATHER PROTECTION

Clean the vinyl/leather surfaces of your vehicle regularly (recommended schedule is 2-3 weeks) using a clean damp cloth to maintain the protected surfaces.

If a spill occurs try to remove the spillage as soon as you can. For spills from water, coffee, tea, soft drinks or any similar liquids, use a clean cloth, dry towel or absorbent paper

by using a 'dabbing or blotting' motion to soak up the excess liquid. Avoid rubbing the liquid/stain as this pushes the contaminant deeper into the fibre/grain and can therefore damage the leather or fabric.

If the vinyl/leather surface is repaired or replaced, the Permagard treatment must be reapplied to those areas. Please call 1800PERMAGARD to discuss any reapplication queries or to arrange reapplication.
