

GO WHERE THE MAPS DON'T

Made for the adventurous dual-sport rider, the CRF300 RALLY is a small-capacity machine packing serious punch.

With styling drawn directly from the Dakar-winning, competition-spec HRC CRF450 RALLY, it adds long-range capability and comfort to its off-road performance, thanks to a large fuel tank, aerodynamic nose fairing, and streamlined windscreen. Now lighter in weight, with more power and torque, the CRF300 RALLY is the perfect travelling partner—around town, or the world.

Warranty	
24-month	

Performance

286cc liquid-cooled single-cylinder DOHC engine with 43mm Showa® inverted fork, Pro-Link® rear suspension and 2-channel ABS.

Assist Slipper Clutch

A first for Honda's dual-purpose market, the assist/slipper clutch eases upshifts and manages rear wheel "chatter" under hard braking and rapid downshifts. It also aids in reducing lever pull by 20%, making stop-start riding even easier.

LED Lighting

The headlight is a compact, asymmetric dual LED unit, matched to an LED tail light. The indicators are also LED and now flexibly mounted.

Rally Inspired Style

With styling drawn directly from the Dakar-winning, competition-spec HRC CRF450 RALLY, the CRF300 RALLY embodies adventure-ready design.
