Fireblade-derived, performance engine

Feel the Fireblade in every throttle roll via a 4-cylinder 1000cc engine with 110kW of power and 102Nm of torque. Tuned smoother for the long haul, so you stay fresh and in control, kilometre after kilometre.

Choose your perfect setup

Dial in your ride, from lazy cruises to backroad attacks, and let the bike adapt. Five modes – STANDARD, SPORT, RAIN, TOUR and USER – tune engine power, engine braking, traction control, and E-Suspension (EERA™).

Slim & agile

A narrow profile and excellent power-to-weight ratio lets you slip through traffic, thread tight overtakes, and flick through corners with ease. Even loaded with panniers (included), you stay slim, agile, and in control.

All day comfort, built in

Cruise control eases the kilometres, heated grips and plush padding keep you comfortable all day, and with panniers included as standard, you're always packed and ready to go further.

Total confidence, every bend

EERA™ suspension, cornering ABS and 6-axis IMU let you lean harder into every bend. Feel the bike become an extension of you, adapting and stopping in sync – total confidence, corner after corner, stop after stop.

Built to sit right, all day

Sit upright, stay dynamic, and settle in for the long haul. An accessible 828mm seat height keeps you planted, while wide grab rails add safety and support for passengers.

Overseas model shown. Accessories not included. Panniers included.
EERA™ Suspension is a trademark of SHOWA Corporation.

Adjustable windscreen

Adjust it to 5 positions one-handed, on the fly, and dial in your own balance of breeze and calm.

Your ride, fully connected

Stay connected on the go, with the customisable 5" TFT screen for turn-by-turn nav and calls right at your fingertips.

Fierce presence

Sharp twin LED headlights give you a fierce, unmistakable presence long before you arrive.

Fuelled for the long haul

A 21L fuel tank allows you the freedom to ride further, uninterrupted.

Clutchless shifts, sharper feel

The quick-shifter gives for a sharper, sportier feel, and smoother changes when riding two-up.

Precision at your fingertips

Throttle by Wire electronic throttle control gives you precise power delivery and unlocks riding modes.

Light build, big impact

At 229kg, you stay agile and in control, with touring strength and naked bike edge.

Pannier case set

Robust, weather-resistant side-mounted storage with quick access to gear and a streamlined, premium finish on the bike. (*Panniers included as standard)

50L Top Box (Optional)

The spacious top box fits two helmets, locks securely on or off the bike.
