

# SMALL SIZE. BIG PERSONALITY.

**The NAVi combines scooter practicality with motorcycle attitude for a ride that's truly unique.**

Compact and lightweight, it's easy to manoeuvre and built for effortless city riding. With a 109cc engine, it provides enough power for city commuting while maintaining excellent fuel efficiency. Equipped with a CVT, riders can enjoy a smooth throttle response without the hassle of changing gears. The NAVi's low seat height and nimble handling make it accessible for riders of various sizes and skill levels. Its affordability and low maintenance costs further enhance its appeal, making it a practical choice for everyday riding. The NAVi is even learner-approved!

**NAVi**

## Integrated Storage Area

Carry all your essentials with the integrated storage area, boasting a spacious 17.5 litres of capacity. Securely lock away your belongings, whether it's your laptop, lunch, or any other items you need on the go. With ample room to spare, the possibilities are endless for what you can store and take along.

## Combined Braking System

The combined braking system works by activating both front and rear even if a single brake lever is pulled, providing much-needed control on busy city commutes.

## Honda Eco Technology (HET)

Patented Honda Eco Technology (HET) boosts fuel efficiency by reducing friction between engine parts, maintaining the optimum combustion rate to maximise power and increase mileage.

## Automatic CVT Transmission

No clutch and no shifting—just start it up, twist the throttle, and go! The CVT makes navigating the city a breeze.
